RECEIPTS.—The total receipts for the year are Rs. 47·24 lakhs against a Budget Estimate of Rs. 41·41 lakhs. The increase is due mainly to the receipts from Terminal Tax, Duty on Jute, Municipal Contribution and Rebate of Interest on Debenture Loans exceeding the annual Budget Estimate.

Appointment.

CALCUTTA, THE 10TH DECEMBER 1928.

RESOLUTION—No. 13689A.

READ—

Resolution of this Government, No. 1646 A. D., dated the 21st June 1920.
Letter No. 426 A. D., dated the 16th June 1922, to the Secretary, Superior Civil Service Association.
Letter No. 1666-1670 A. D., dated the 15th September 1925, to all Commissioners of Divisions.
Letter No. 1026-1030 A D , dated the 31st May 1926, to all Commissioners of Divisions.
Letter No. 1422 A. D., dated the 7th September 1926, to the Honorary Secretary, Bengal Junior Civil Service Association.
Letter No 4617-4621 A , dated the 10th April 1926, to all Commissioners of Divisions.

On the 3rd November 1927, a deputation of the Bengal Junior Civil Service Association waited on the Hon'ble Member in charge of the Appointment Department and the Chief Secretary to Government and explained the grievances of the service in respect of their pay, prospects, and status. In particular, they asked that—

(1) the Bengal Junior Civil Service should be amalgamated with the Bengal Civil Service (Executive);

(2) Sub-Deputy Magistrates and Collectors should be eligible for the grant of higher magisterial and revenue powers;

(3) members of the Bengal Junior Civil Service should be called Additional Deputy Collectors instead of Sub-Deputy Collectors;

(4) a revised scale of pay should be introduced substituting a biennial increment of Rs. 20 for the present triennial increment of Rs. 25, with a selection grade on Rs. 650 for six per cent. of the total service;

(5) the prescribed age-limit of 40 for promotions from the Bengal Junior Civil Service to the Bengal Civil Service (Executive) should be removed;

(6) the percentage of appointment made to the Bengal Civil Service (Executive) by promotions from the Bengal Junior Civil Service should be raised from 35 per cent. to 75 per cent;

(7) increased pony allowances should be granted to members of the service on training in settlement;

(8) the amount of rewards payable to the members of the service for passing examinations in certain tribal languages should be raised;

(9) house and travelling allowances of circle officers should be increased, and that general permission should be granted to them to reside at the headquarters of districts and subdivisions.

2. **Items (1) and (2)** above received the careful consideration of the Governor in Council in 1920 and 1926, and in this Government Resolution No. 1646 A.D., dated the 21st June 1920, and circular letter to the Commissioners of Divisions, No. 1026-1030 A.D., dated the 31st May 1926, it was announced that, for the reasons given therein, the two services, namely the Bengal Civil Service (Executive) and the Bengal Junior Civil Service, would be kept distinct from each other and that Sub-Deputy Magistrates and Collectors would not be vested with higher magisterial and revenue powers. The deputation was informed that these decisions were final and that Government were not prepared to reopen the question.

As regards **item (3)** the deputation was informed that if the Association could invent another name which was not open to objection, Government would consider it. The Association has not, however, offered any further suggestion. As regards the other items the Association was informed that they would be examined and that the decisions arrived at would be announced later. Government have now investigated these matters and their decisions are stated below.

Item (4).—The Governor in Council is not prepared to entertain the proposal for a revision of the scale of pay, as the present scale does not compare unfavourably with the scales of other provinces, and the proposed substitution of a biennial for the existing triennial increment would involve large additional expenditure which in the present state of the provincial finances would not be justified.

Item (5).—Government have decided that the age-bar for promotion to the Bengal Civil Service (Executive) shall be relaxed, but no officer who has not been recommended for promotion before he is 40 years of age will have his claims considered after he has attained that age. A letter dealing with this point and prescribing a new procedure for the submission of recommendations for promotion will shortly issue to all concerned.

Item (6).—Government are not prepared to entertain the proposal of the Association that the percentage of appointments made to the Bengal Civil Service (Executive) by promotions from the Bengal Junior Civil Service should be raised from 35 per cent. to 75 per cent., but have decided that it shall be increased from 35 per cent. to 50 per cent.

Item (7).—Government have decided that the pony allowances of members of the Bengal Junior Civil Service, while on settlement training, shall be the same as those allowed to members of the Bengal Civil Service (Executive), and rule 165 (*a*) of the Survey and Settlement Manual will be amended to make this clear.

Item (8).—The suggestion for increasing the rewards admissible on passing certain tribal language examinations has already been accepted and given effect to in Government notification No. 199A., dated the 10th January 1928.

Item (9).—Government do not consider that there are any grounds for increasing the travelling, or house allowances of Sub-Deputy Collectors employed on circle work, and the existing rates will therefore stand. The existing orders regarding the residence of Circle Officers within their respective circles will also stand.

ORDER.—Ordered that the Resolution be published in the *Calcutta Gazette* for general information.

Ordered also that copies of the resolutions be forwarded to the Local Self-Government and the Revenue Departments of this Government and to the Bengal Junior Civil Service Association for information.

By order of the Governor in Council,

W. D. R. PRENTICE,

Chief Secretary to the Government of Bengal.

Third Forecast of the Cotton Crops of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State, and to a small extent also in other districts. The "late" crop is chiefly grown in Bankura and Midnapore.

Character of the season.—As reported in the second forecast, the early crop suffered from drought in the beginning and from excessive rainfall in the Tripura State and in parts of Midnapore during the early period of growth. Subsequent weather conditions were generally favourable and a fairly satisfactory crop has been reaped for the province.

The prospects of the late variety, so far, are promising.

Area sown.—The total area sown with early cotton is returned at 77,381 acres, and that with late at 753 acres, against 76,773 acres and 803 acres, respectively, in the corresponding forecast of last year.

Outturn.—The outturn of the early crop is estimated at 20,450 bales and the late crop at 117 bales, against 19,757 bales and 90 bales, respectively, in the corresponding forecast of last year.

Director of Agriculture, Bengal.

DEPARTMENT OF INDUSTRIES AND LABOUR.

RESOLUTION.

New Delhi, the 28th November 1928.

No. S.-465.—In their Resolution No. S.-217, dated the 13th September 1928, which was published in Part I of the *Gazette of India* of the 15th September 1928, the Government of India announced their decision to replace the existing arrangements for the supply of articles required for the public service by a system of rupee tenders for delivery in India, and published for criticism the draft rules which had been framed to give effect to that policy.

2. For the successful working of the Rupee Tender System it is necessary to provide expert advice in the matter of the preparation of technical projects, specifications and drawings and of the examination of tenders for technical stores, and also to establish an organisation which will enable purchasing authorities to ascertain the status and capacities of tendering firms abroad.

3. The Government of India consider that Messrs. Rendel, Palmer and Tritton, who have for the past fifty years been employed as Consulting Engineers to the India Office and latterly to the High Commissioner for India in respect of numerous classes of stores, will be in the best position to afford the necessary service, and they have accordingly arranged with that firm for the establishment of a branch office in India.

4. This office will be opened on or about the 1st December 1928 and will be located in the Tower House Building, Esplanade East, Calcutta. Its functions will comprise the following, among other services:—

I. *Supplies of technical stores.*

(*a*) When required, to prepare specifications and drawings needed for certain classes of stores, or to furnish technical advice on specifications, etc., prepared by the authorities concerned.

(*b*) To advise on technical points in connection with the purchase of stores generally and in particular to advise, if and when required, on tenders received for supply of technical stores.

(*c*) To advise in regard to the capacity and standing of manufacturing firms abroad.

II. *Engineering Projects.*

To advise in connection with the preparation and examination of technical projects, such as bridge designs, workshop layouts, and engineering schemes generally.

III. *Standardisation.*

To advise on the standardisation of technical stores.

IV. *General.*

To act as a *liaison* office between the Head Office of the Consulting Engineers in London and the Departments in India utilising their services.

5. These services will not be limited to matters affecting the Central Government and the minor local Governments only, but will extend to matters concerning the major local Governments, *quasi*-public bodies and Indian States, provided that they are referred to the Consulting Engineers through a Department of the Central Government. This arrangement will, however, not interfere in any way with arrangements which have already been concluded between Messrs. Rendel, Palmer and Tritton and any of the latter authorities.

6. In return for the services, the firm will receive payment from Government of sums representing the annual estimated cost of operating the branch office. This arrangement, which will cover a period of three years in the first instance, will, the Government of India believe, prove of valuable assistance in the efficient operation of the new system of purchase.

7. The branch of the Consulting Engineers will be attached to the Indian Stores Department and its relations to the latter will be similar to those of the firm in England to the India Store Department, London; but Departments of the Central Government which are authorized to utilise its services will have free access to it.

8. Charges, according to a scale which will be drawn up and published, will be made to the various authorities for the services rendered by the Consulting Engineers on their behalf.

9. A procedure to regulate references to the firms will be drawn up by the Indian Stores Department in consultation with Messrs. Rendel, Palmer and Tritton and will be communicated to all authorities concerned in due course.

NOTIFICATION.

No. 3145L., dated Calcutta, the 12th December, 1928.—The following report of the Select Committee on the Indian Universities (Bengal Amendment) Bill, 1928, with the Bill as amended by the Committee, is hereby published for general information:—

REPORT OF THE SELECT COMMITTEE ON THE INDIAN UNIVERSITIES (BENGAL AMENDMENT) BILL, 1928.

We, the undersigned members of the Select Committee, to which the Calcutta University Bill, 1927, by Dr. Pramathanath Banerjea, was referred, have considered the provisions of the Bill and the following papers relative thereto:—

Papers Nos. 1 to 11 and letter No. L—12—28, dated the 11th August, 1928, from the Secretary, Indian Chamber of Commerce, relating to the Bill.

We also considered the Calcutta University Bill of Babu Manmatha Nath Roy.

2. We have the honour to submit this our Report with the Bill as amended by us annexed hereto. In reprinting the Bill, all changes made by us have, so far as possible, been underlined.

3. Before proceeding with the examination of the Bill in detail, we discussed the question of the practical utility of bringing such a measure into operation at present, in view of the far more comprehensive Bill contemplated by the Government for the reorganisation of the University. As it will be a considerable time before the proposed Government Bill can be placed before the Council, the majority of us consider that the Bill may be usefully proceeded with in order to reconstruct the Senate on more democratic lines as soon as possible.

4. **Long title, preamble and short title.**—The necessary formal alterations have been made to indicate that the Bill amends the Indian Universities Act, 1904, so far as it applies to the University of Calcutta. Assam has not been mentioned anywhere in the Bill, the reason being the necessity of avoiding any legal difficulty which might otherwise present itself. We have not, however, been unmindful of the interests of Assam as will appear from our observations in regard to clause 7 of the Bill.

Clause 1 (2).—The extent clause has been omitted on account of the legal difficulty in regard to Assam, and also because a certain portion of Bengal is within the jurisdiction of the Dacca University.

Clause 1 (3).—The date for the coming into operation of the proposed Act has been changed to the 1st January, 1929, in order that elections may be held and nominations made under the Act as early in the year as possible.

Clause 2 has been omitted as being unnecessary in view of the formal changes made.

Clause 3, which indicates generally the various classes of electorates, has been revised in accordance with our decisions in this respect, the details of which are embodied in our revised clause 7.

In the electorate of teachers appointed by the University [which has been substituted for the Professors and Lecturers in clause 3 (*v*) of the Bill] we consider that honorary teachers may suitably be given the power of election, and the words "and paid" have therefore been omitted.

The provision in clause 3 (*viii*) of the Bill in regard to the representation of the municipalities and district boards has been omitted, as we do not consider such representation to be justified. Members of these bodies have no special qualifications justifying their election as Fellows, nor do these bodies contribute towards the upkeep of the University.

As regards the proposal in Babu Manmatha Nath Roy's Bill that there should be an electorate of benefactors and donors, we are of opinion that the present practice of appointing benefactors of the University as Honorary Fellows is appropriate and should be continued. If necessary, suitable persons among them may be nominated also as Ordinary Fellows.

Electorates of Head Masters and of Head Mistresses of high schools have been substituted for that of graduate teachers in such schools. We recommend that it be provided in any subsequent legislation on the subject that the electorates from high schools should cease to function immediately the proposed Board of Secondary Education comes into operation. Governing bodies of Colleges, Chambers of Commerce, Literary Associations, and the *ex-officio*, elected and nominated Fellows have been added to the electorates mentioned in the Bill.

Clause 4.—A necessary formal alteration has been made in this clause.

Clause 4 A.—Sub-clauses (*1*) and (*2*) contain formal alterations.

In sub-clause (*3*) the proviso to sub-section (*1*) of section 5 has been added for the purposes of the proposed alternate *ex-officio* representation of the Principals of the Colleges mentioned in clause 14.

Clause 5.—In place of sub-section (*2*) of section 5 (including the proviso) a new provision has been made to enable the Senate, with the approval of the Government, to make necessary changes in the list of *ex-officio* Fellows in Parts I and II of the Schedule.

Clause 6 contains a necessary formal amendment.

Clause 7.—The proposed sub-section (*1a*) in section 6 of the Act shows in detail the persons who are to form the various electorates recommended by us. We recommend that of the proposed one hundred and eleven Ordinary Fellows eighty-one should be elected and thirty nominated by the Chancellor. The details in sub-section (*1a*) are self-explanatory. We have increased the number of nominated members from twenty to thirty because, in our opinion, such increase will enable the Chancellor to supply deficiencies which may impede the proper formation of the different Faculties and to secure the representation of the various educational interests to an adequate extent. This will also enable at least five Fellows to be nominated from Assam in addition to the two *ex-officio* Fellows mentioned in the present schedule. The majority of us also hope that a sufficient number of Muhammadans will be nominated by the Chancellor so that the total number of Muhammadan members on the Senate, including elected and *ex-officio* members, may be thirty.

In the proposed sub-section (*1aa*) in section 6, to which the majority of us agreed, it has been provided that the reservation of seats for Muhammadans shall terminate at the end of ten years from the date of the reconstitution of the Senate under this Bill.

Clause 8.—Clauses 9, 10 and 11 of the Bill have also been dealt with together in this clause. In section 7 (*2*), in the proviso to section 7 (*2*) and in section 7 (*3*) the initial fee in respect of the registering of graduates as well as the annual fee has been fixed at " five rupees " instead of " two rupees " as suggested in the Bill. In the proviso to section 7 (*3*) the sum of " fifty rupees " suggested in the Bill has been retained.

Clause 12.—The changes made in this clause are merely formal consequential changes.

Clause 12 A contains two new sections 11A and 11B relating to casual vacancies and certain transitory provisions providing for the continuance in office of nominated or elected Fellows until the new nominations and elections take effect.

Clause 13 shows the omissions from, and the additions to, the list of *ex-officio* offices in the first Schedule proposed by us.

The Chief Justice of the High Court, the Lord Bishop of Calcutta, and the Member of the Council of the Governor-General in charge of the Department of Education so rarely attend the meetings of the Senate that it is not considered of any practical utility to retain these offices on the list of *ex-officio* Fellows. As regards the Secretary to the Government of Bengal in the Department of Education, it does not seem to be necessary to retain this office on the list as the Member or Minister in charge of the Department of Education, Bengal, is an *ex-officio* Fellow.

Ex-Vice-Chancellors resident in India have been included as permanent *ex officio* Fellows.

The Principal of the Presidency College, Calcutta, is now included in the list of *ex-officio* Fellows in Part II of the Schedule who are to hold office alternately.

As regards the inclusion of Principals in Part II of the Schedule we do not consider it wise to leave the appointment of eminent Principals to the vagaries of election.

When the Board of Secondary Education and the Board of Madrasah Education are established, we recommend that the Presidents of these two Boards be made *ex-officio* Fellows.

For convenience of reference it may be noted that the list of persons who will be permanently *ex-officio* Fellows under our proposed reconstitution of the Senate will be as follows:—

His Excellency the Governor of Assam.

The Member of the Executive Council of the Governor of Bengal, or the Minister appointed by the Governor to be, in charge of the Department of Education.

Every ex-Vice-Chancellor resident in India

The Minister for Education, Assam.

The Director of Public Instruction, Bengal.

The Director of Public Instruction, Assam.

The Mayor of the Corporation of Calcutta.

The Principal of the Calcutta Madrasah.

The Principal of the Bengal Engineering College, Sibpur.

The Principal of the Bethune College.

The Principal of the David Hare Training College.

The Principal of the Islamia College.

Clause 14 contains a list of the colleges the Principals of which are to be *ex-officio* Fellows alternately—*see* the proviso to sub-section (*1*) of section 5 in sub-clause (*3*) of clause 4A.

It is not considered necessary that the Principals of these colleges should always be *ex-officio* Fellows, but the opportunity will be given to them in turn to present their views to the Senate.

5. The Bill was published in the *Calcutta Gazette* on the 29th December, 1927.

6. We do not consider that the Bill has been so altered as to require re-publication.

7. We recommend that the Bill, as amended by us, be passed.

*Signed subject to the Note of dissent annexed.

N.B.—The signatures of Rai Harendranath Chaudhuri and Mr. Akhil Chandra Datta had not been received up to the time of printing the report.

Joint note of dissent by the Hon'ble Nawab Musharruf Hossain, Khan Bahadur, and Messrs. A. J. Dash and H. E. Stapleton and Dr. W. A. Jenkins.

We do not consider that the Bill as amended by the Select Committee should be passed by the Legislative Council and hold this opinion for the following reasons:—

1. **Procedure.**—The Bill has been so altered in Select Committee that we feel that it should be again published. In particular copies should be forwarded to the University of Calcutta and the Government of Assam and their opinions carefully studied before the Council proceed to take the Bill into consideration.

Consultation with the Government of Assam in our opinion seems particularly necessary. While the Bengal Legislative Council has full power to legislate for the Calcutta University, it must be remembered that Assam desires to have its educational interests adequately represented on the governing bodies of the University and any alteration in the constitution of the University must necessarily affect Assam. Consequently we hold that before legislation in Bengal is undertaken, it is only appropriate that Assam should be fully consulted, and every consideration given to the opinions expressed by the Government of Assam. This has not been done in the present case.

2. We object to this Bill coming before the Legislative Council now, because Government proposals for reconstituting the whole structure of University Government will shortly be published. The passing of the present Bill into law will seriously prejudice the prospect of carrying through the legislation which will be required to effect the very necessary reorganisation of the University. We see no force in arguments to the contrary, as it can hardly be expected that a Senate constituted under the present Bill would acquiesce in a revision of their powers and functions.

The constitution under the present Bill is not in any way a suitable basis for a more comprehensive scheme of reform.

3. Our main objection to the present Bill is that it is an unsatisfactory compromise between conflicting interests. In particular we dislike the sacrifice of academic to other interests inevitable when academic jurisdiction is vested in a body constituted for the exercise of general powers. We are fully alive to the necessity of increasing Musalman influence in the University and believe that when a readjustment takes place amongst the different authorities which may be created, of the powers now exercised by the Senate, it will be possible to provide adequate scope for all interests without in any way sacrificing academic interests. But such a result is necessarily unattainable with an elective Senate exercising the powers now held by that body.

Note of dissent by Babu Jogindra Chandra Chakravarti, M. L. C.

1. I am not in favour of reservation of seats for Muhammadans as recommended in sub-section *(1a)* in clause 7. Representation on the Senate on a communal basis seems to me to be objectionable on principle.

2. I do not agree that the initial fee in respect of the registering of graduates or the annual fee should be five rupees. I would retain *two* rupees as the initial fee as well as the annual fee as in the Bill.

With these observations, I sign the report.

Note of dissent by Babu Jitendralal Bannerjee, M. L. C.

I have two serious objections of principle to the Bill [The Indian Universities (Bengal Amendment) Bill] as it has been modified by the Select Committee: *first*, the qualified recognition that has been extended to the principle of communal representation in the election of fellows; and *secondly* the number and variety of small, pocket constituencies which the Bill seeks to create, and where the field of selection is further narrowed by the ear-marking of a specified number of seat for the graduates in the different faculties.

2. So far as the second is concerned, let me point out some of the anomalies that are sure to result from the adoption of the scheme recommended by the Select Committee:—

(1) The Select Committee recommend that, out of the total number of elected fellows, 12 shall be elected (from among themselves) by the teachers appointed by the University and 15 by the teachers in affiliated colleges. The injustice of this unequal distribution is patent on the face of it. The University teachers form a small and compact body, numbering not more than 150, while the college teachers scattered all over Bengal, number at least 1,000; and yet these 1,000 teachers will return practically the same number of fellows as the 150 University teachers. The college teachers are men possessing the same qualifications, and, in the existing state of things, doing practically the same kind of work as the University teachers; and yet the latter are accorded a representation more than five times in excess of the representation granted to the former. I can see no justice behind the arrangement, and no reason for it beyond the desire—so obvious in some quarters of controlling the Senate by the members of the post-graduate department.

3. Again, just as the representation accorded to the post-graduate department is in excess of its fair share, equally noticeable is the excessive representation granted to the graduates in the medical faculty. Leaving aside the Faculty of Engineering, the number of graduates in the medical faculty is the fewest in any of the faculties, certainly fewer than the number of graduates in the Faculty of Law and far, far fewer than the number of graduates in Arts. And yet, where election upon a faculty basis is concerned, the number of representatives allotted to the medical graduates is in excess of the numbers allotted to the Law and Arts graduates. Thus of the 23 fellows to be elected on the faculty basis (12 from the registered graduates of the Calcutta constituency and 11 from the teachers in affiliated colleges), so many as 6 are required to be medical graduates while Arts graduates are 5 and the Law graduates only 4.

4. Again, there is no justification why two seats or any should be allotted to the members of the Bengal Legislative Council, except that the generous members of the Select Committee may have thought it necessary to provide seats for certain gentlemen who might otherwise find none. In this connection one should like to know whether the British Parliament as such has the privilege of electing any representative to the Senate or governing body of any of the British universities.

5. And just as there is no reason why any seat should be assigned to the Bengal Legislative Council, so there is no reason why any seat should be assigned to the different Chambers of Commerce. The Bengal Chamber of Commerce (which is the most influential of these bodies) does not seem to be at all keen upon this point; and on principle there is no reason why the commercial (of all interests) should be singled out for special representation on the Senate. In fact the only intelligible motive behind this infinite splitting up of constituencies seems to be a very natural and understandable desire to provide a constituency for every one who is anxious to have a seat on the Senate.

6. On a point of detail, I hold that an injustice has been done to the mufassal in the distribution of the representatives of registered graduates as between Calcutta and mufassal. Instead of allotting 15 to Calcutta and 10 to the mufassal, the proportion should have been just the reverse—10 to Calcutta and 15 to the 5 mufassal divisions.

Speaking for myself, I should like to have two broad, general constituencies one, Academic, and one, non-Academic for the election of fellows to the Senate. The first should consist wholly of teachers (college and University teachers both) and furnish the academic wing of the Senate while the second should consist of (*a*) registered graduates, (*b*) members of the Legislative Council, (*c*) members of municipalities and district boards, (*d*) school teachers of a recognised status, say, five years' standing or so, and (*e*) members of the governing bodies of colleges. This second wing of the Senate would, broadly speaking, represent the guardians and tax-payers of the country—a body which, I hold, is fully entitled to have an effective voice in the deliberations of the Senate. It may be objected against this second body that it will be too cumbrous and unwieldy. But that difficulty can be easily avoided by having the election from this body upon a regional or divisional basis—Calcutta ranking as a division, and the number of seats allotted to each division being in proportion to the numerical strength of the electorate in that division. I would further suggest that all elections from this constituency may be under the system of proportional representation by the single transferable vote. This, by allowing Muhammadan electors to plump their votes upon Muhammadan candidates, would secure an adequate Muhammadan element in the Senate.

As for election upon a communal basis, I regard it as an unmitigated evil—evil everywhere, and specially and glaringly so in an academic and educational body like the Senate. It is a matter of infinite regret that our Muhammadan brothers should be so keen upon the point. I can well sympathise with their desire for an "adequate and effective" Muhammadan representation upon the Senate. But I

submit that the same end could be equally well served by adopting the method of "proportional election by the single transferable vote" so far as elections on a regional basis are concerned.

Subject to the above observations, I have pleasure in signing the report of the Select Committee.

Note of dissent by Dr. Bidhan Chandra Roy, M. L. C.

I sign this report subject to the following note of dissent:—

2. On behalf of the Congress party to which I belong I enter my emphatic protest against any acceptance of the principle of communal representation in University matters, where proficiency in one of the branches of knowledge should be the only qualification for admission. No University in India except Dacca has accepted this principle in spite of the findings of the Sadler Commission. I am free to admit that if communal protection is to be guaranteed in any association, it is best that the members from the community should be elected by a joint electorate rather than nominated by the Government. From that point of view it is satisfactory that the period during which reservation of seats will be guaranteed is limited to nine years from the date of the passing of the Bill.

3. While the whole department of education is supposed to have been transferred to a popular minister, nomination to the University Senate, if any, should be made by a Chancellor who has nothing to do with the administration of any of the departments of Government.

4. The mere alteration in the composition of the Senate will not, to my mind, reform the University, but in future a comprehensive Bill affecting the University which the Government might bring forward should and ought to be considered not by a Senate as at present constituted but by one whose composition is more democratic. It is in that view that I support this Bill.

Note of dissent by Mr. F. E. James, M. L. C.

I sign the above report subject to the view which I expressed more than once in Select Committee, viz., that the Senate as constituted by this Bill will be too unwieldy for a body which at present is charged with so much executive and administrative work. I do not consider that the total number of the Senate should exceed 100, though I admit the difficulty of satisfying within this figure the claims of all the academic, sectional, professional, communal, official and non-official interests, which were, at times, pressed to the detriment of the main structure of the Bill.

Note of dissent by Dr. Pramathanath Banerjea, M. L. C., and Dr. Sir Deva Prasad Sarvadhikary, M. L. C.

We sign the report subject to the following note of dissent:—

In our opinion, communal representation on the governing body of an educational institution like the Calcutta University is unsound in principle. We admit that the reservation of seats for a community is open to less serious objection than a scheme of separate electorates, and the suggestion of the Select Committee that the reservation will terminate at the end of ten years is a sincere attempt to limit the duration of the evil. But as we are convinced that it is undesirable to make religion a basis for the constitution of the Senate, we are unable to assent to the proposals contained in section 7 of the Bill, as amended by the Select Committee, for the representation of Muhammadans.

Note of dissent by Babu Bejoy Krishna Bose, M.L.C.

I am strongly opposed to communal representation in any form as retarding the growth of the nation. Such a representation by reservation of seats even for a limited period in the field of *Education* is vicious in principle, and I beg to dissent from the report so far as that aspect of it is concerned. Educated Indians should be left to make their free choice unhampered by any consideration other than academic qualifications.

Though I do not quite agree on some other minor points, I do not wish to write a separate note on them but reserve my observations.

Note of dissent by Maulvi Abul Kasem, M.L.C.

I am of opinion that there should be 125 ordinary fellows, of whom 90 should be elected and 35 nominated by His Excellency the Chancellor.

2. The Chief Justice of the Calcutta High Court and the Principals of the Presidency and Sanskrit Colleges should be permanently *ex officio* fellows.

The Chief Justice of the Calcutta High Court is the head of the Judiciary in Bengal, and as such should have a permanent place on the Senate of the University.

The Presidency College is the premier College of Bengal and the Principal of that College should always be a member of the Senate. The Sanskrit College is not an ordinary first grade College, but an institution which along with other subjects provides special facilities for the study and research of an important Oriental classical language and philosophy, and the Principal of that College is always wanted in the Senate. The idea of the majority was that these two Principals would be nominated by the Chancellor, but in my opinion the Chancellor's nominations should be used for the purpose mentioned in clause 7 of our Report and not for rectifying defective legislation.

3. In clause 7 of the Bill, sub-section (*1a*) of section 6, in the list of electorates the following should be added, each electing 1 ordinary fellow:—

(1) Muhammadan Literary Society of Calcutta.

(2) Bangiya Muslim Shahitya Parishad.

4. In clause 7, clause (*2*) (*a*) of sub-section (*1a*) of section 6, at least 2 shall be Muslims. In clause (*4*) of sub-section (*1a*) of section 6 the number should be 8, of whom at least 4 shall be Muslims and the electorate shall include assistant headmasters as well. In clause (*6*) of sub-section (*1a*) of section 6 the number should be 7, of whom at least 3 shall be Muslims.

In clause (*7*) of sub-section (*1a*) of section 6 of the 2 members to be elected by the Legislative Council, one shall be a Muslim.

In clause (*13*) of sub-section (*1a*) of section 6 the number should be 12, of whom 4 shall be Muslims.

5. The managing committees of high schools affiliated to the University should elect 2 ordinary fellows, each managing committee having one vote.

6. In clause 7, sub-section (*1aa*) should be omitted. I would hope that a sufficient number of Muslims will be nominated by the Chancellor, so that the total number of Muslim members on the Senate, including elected and *ex officio* members, may be 40 per cent. of the ordinary fellows.

7. I would further suggest that provision should be made in the Statute or the Rules wherever convenient by which a certain proportion of the ordinary fellows should vacate their offices every year and their places filled up by nomination or election as the case may be, so that there may not be an entire change in the personnel of the Senate at one time.

Note of dissent by Mr. S. C. Bose, M.L.C.

There are just a few matters in the above report, in regard to which I hold somewhat different views, and I am afraid, therefore, I must express my dissent.

Clause 3.—As regards (*e*) (*iv*) of clause 3, I am of opinion that the electorate should not be restricted to head masters and to head mistresses of high schools, but should be extented to graduate teachers of such schools.

Clause 7.—I am of opinion that—

(*1*) instead of the provision in sub-section (*1a*) that "the number of ordinary fellows shall not exceed one hundred and eleven," the provision that "the number of ordinary fellows shall not exceed one hundred and twenty" should be substituted,

(*2*) that instead of the provision in sub-section (*1a*) (*4*) that "six shall be elected from their own number by head masters in high schools," the provision that "fifteen shall be elected from their own number by graduate teachers of high schools" should be substituted; and

(*3*) in the place of the expression "Head mistresses" in sub-section (*1a*) (*5*) the expression "graduate teachers" should be substituted.

It is not possible for me to reconcile myself to the principle (if it can be called one) of reservation of seats for any particular community in the constitution of a University. But for reasons into which it is unnecessary for me to enter here, I shall refrain from striking a wholly discordant note. I shall only support that in the proposed sub-section (*1aa*) in the place of the expression "ten years," the expression "five years" be substituted.

Note of Dissent by Mr. A. K. Fazl-ul Huq, M.L.C.

I strongly oppose the insertion of sub-section (*1aa*) in clause 7, recommending the termination of the provisions for the reservation of seats for Muhammadans automatically at the end of ten years. In my opinion, the provision for reservation of seats for Muhammadans should not be taken away until and unless the Muhammadan community make it clearly manifest that these provisions are no longer wanted.

I am also of opinion that the provisions for the representation of Muhammadans are extremely inadequate and should be at least double of what has been provided in the Bill. Further, it should be made clear that the figures suggested for Muhammadan representation are to be the minimum and that it should be open to Muhammadans to participate in the election of the members other than those representing the Muhammadan community.

Note of Dissent by Babu Manmathanath Roy, M.L.C.

I regret I have to differ from my Colleagues in the following respects:—

(*i*) The alternate *ex-officio* representation of Principals of Colleges is wrong on principle. It is a most mechanical method wholly unsuited to the constitution of the Senate. The Principals of Colleges should form a separate electorate which will elect, say, eighteen Fellows (the same number as is proposed in the amended Bill). The Principals should have the right to select those amongst them who are most suited to represent them. Any apprehension of the vagaries of election is unfounded, is inconsistent with the policy of the Bill and would be an unfair and unmerited reflection on the whole body of Principals. The electorate would be a very small one which would return half its number and there need be no apprehension that the most eminent among them will be left out. The Principals may certainly be trusted with the franchise which has been given to the other electorates.

(*ii*) The District Boards and the Municipalities should be given the right of representation. It would be wrong to ignore the general public interested in education. The Bill aims at the democratic ideal needed to raise the University to a great national institution, thoroughly representative of public opinion in the country.

(*iii*) The fee for registered graduates should be two rupees, as orginally proposed in the Bill. The amount of fee should not deter graduates from exercising their right of representation.

(*iv*) It would not be fair to the graduate teachers in high schools to restrict the franchise to the head masters. The graduate teachers in schools form an important body by themselves whose interests are not always identical with the interests of the head masters, and in constituting the Senate, it would be wrong to ignore the interests of the graduate teachers other than the head master.

(*v*) The number of nominated members should not exceed twenty-five. After the various electorates have made their choice to secure the representation of the different interests, there will hardly be any necessity for the nomination of an unduly large number of members.

(*vi*) The Presidents of the Post-Graduate Councils occupy such an important position in the higher teaching in the University that they should always be *ex-officio* members of the Senate.

(*vii*) The reservation of as many as eight seats for Professors out of a total of twelve to be returned by the University teachers would be unfair to the teachers who are not Professors and who form by far the large majority in the electorate.

CALCUTTA, THE 13TH DECEMBER 1928.

RESOLUTION—No. 20043 L.R.

READ—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1927-28.

Mr. K. C. De, C.I.E., held the office of the Member, Board of Revenue, from the beginning of the year under report till the 25th January 1928, when he was succeeded by Mr. J. N. Gupta, C.I.E., M.B.E., who remained in charge of the office during the rest of the year.

2. The year was not free from natural calamities. In the Contai subdivision of the district of Midnapore the winter crop over a considerable area was destroyed by floods. Portions of the districts of Chittagong and Noakhali also suffered from severe storms. Later in the year parts of the districts of Burdwan, Birbhum, Bankura, Murshidabad, Nadia, Malda and Dinajpur suffered from deficient rainfall, resulting in failure of winter crops which has caused acute distress, particularly to the cultivating classes and the landless labourers. To meet the situation, relief operations were started by the District Boards concerned with their own funds, supplemented by advances from Government. Land improvement and agriculturists' loans amounting to Rs. 4,19,218 were also distributed according to requirements. Besides, various relief committees were organised to help the affected people. Government supplemented the resources of these bodies by allotting money for gratuitous relief. But most of these measures were undertaken in the current year 1928-29.

Barring a temporary fall in the areas affected by the failure of the winter crop, the rates of wages for labour continued generally to rule high. Landless middle class people with fixed incomes continued to suffer from high prices and dearth of employment for intellectual labour. Malaria, kala-azar, cholera and small-pox were as in previous years, prevalent in most of the districts. It is, however, a gratifying feature that there has been an awakening of the people themselves to the importance of improving the public health.

3. The depression of the coal industry continued and the condition of the iron industry became unfavourable during the year. Cotton, jute and rice mills fared well, and the year was a fairly prosperous one for tea. The weaving industry, which is the most important home industry of the Presidency, was on the whole carried on satisfactorily. During the year, the Port of Chittagong was converted into a major port and its control transferred to the Imperial Government. Motor-buses and taxis were introduced in large numbers in all the districts of the Presidency, thus facilitating communication with the interior.

There were no labour troubles except in the district of Howrah, the most important of which was the strike of the East Indian Railway Workshop employees at Lillooah which started in the beginning of March and continued after the close of the year. The number of co-operative societies in the province continued to increase and exercise an indirect influence in lowering the rate of interest charged by private moneylenders.

4. There was a fall in the demand of land revenue in the permanently-settled estates from Rs. 2,15,71,482 to Rs. 2,15,67,732; but the temporarily-settled estates and estates under direct management showed an increase of Rs. 2,28,113. Collection suffered to some extent on account of distress in several districts, and the Sale Law was administered with moderation. Only 8·65 per cent. of the defaults actually came to sale.

5. The percentage of cost of management on the current demand was 10·55 and a sum of Rs. 2,12,468, representing 3·9 per cent. of the current demand, was spent on agricultural, sanitary and miscellaneous improvements. The scheme by which Sub-Deputy Collectors in charge of certain khas mahals were replaced by settlement kanungos is reported to be working well. It is satisfactory to note that both the number of schools in Government estates and the pupils attending them are on the increase from year to year.

6. The colonization scheme in the Bakarganj Sunderbans, which covers an area of 163 square miles comprised in 22 estates, was in its 21st year and is likely to be completed within a year or two. The total expenditure incurred by Government for the reclamation of the area and the total receipts derived therefrom up to the end of the year under review were Rs. 14,53,878 and Rs. 18,72,100, respectively, resulting in a net profit of Rs. 4,18,222. The number of primary schools and pupils in the colonization area shows a steady increase, and a scheme has recently been evolved with the approval of Government to encourage primary education in the area.

The Governor in Council has noticed with regret the local officers' gloomy description of the colonists, specially of the Bengali settlers, who through indolence and improvidence are fast selling their holdings. In the Bengal Tenancy Amendment Bill, just passed by the Legislative Council, provision has been made for the extension of the protection afforded by section 49A of the present Act to such areas in the Sunderbans as may be considered necessary.

7. The colonization scheme in the 24-Parganas Sunderbans, which was in its 13th year, made fair progress during the year. In order to protect the Santhal tenants from money-lenders and middlemen, the provisions of Chapter VIIA of the Bengal Tenancy Act have been made applicable to them. Steps are also being taken for the organization of rural co-operative banks amongst them.

8. The most common causes of friction between the landlords and their tenants were, as in previous years, enhancement of rents, exaction of abwabs, levy of interest on arrear rents and mismanagement by the local agents of absentee landlords.

9. The special provisions of the Bengal Tenancy Act, imposing restrictions on the alienation of land by aboriginals, were extended during the year to certain aboriginal tribes in the districts of Birbhum, Bankura, Malda, the 24-Parganas and Murshidabad.

10. The thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the branches of work under it

By order of the Governor in Council,

W. H. NELSON,

Secretary to the Government of Bengal (offg.).

CALCUTTA, *the 14th December 1928.*

CHAS. A. BENTLEY, M.B., D.P.H., D.T.M. & H., *Director of Public Health, Bengal.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Bhadoi Crops of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under autumn rice in Bengal has represented some 6·0 per cent. of the total area under rice in British India.)

Character of the season.—As reported in the preliminary forecast, early sowings were slightly retarded by drought in some places, but the rainfall in April and May was generally helpful. Subsequent conditions, as a result of timely monsoon showers, were also beneficial to the growth and development of the crops, though slight damage by excessive rain was reported, especially from some West Bengal districts and from Bakarganj. The season on the whole was a favourable one.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to be 6,444,700 as against 5,833,100 acres last year. Of this, the area under *autumn rice* is estimated at 5,649,000 acres as against 5,072,400 acres last year. The increase in area is due to favourable weather at the time of sowing.

Outturn.—According to District Officers' estimates, the outturn of *autumn rice* as well as that of the different *bhadoi* crops together for the Presidency works out at 82 per cent. of the normal this year as against 80 per cent. last year. I am, however, of opinion that the outturn of *autumn* crops is an under-estimate and that the crops will not fall short of 95 per cent. of the normal this year.

On the basis of a normal yield of 10¾ maunds of clean grain per acre the gross outturn of *bhadoi* paddy (autumn rice) is estimated at 2,119,200 tons this year as against 1,602,500 tons last year, or an increase of about 32 per cent.

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Winter Rice Crop of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under winter rice in Bengal has represented some 18·4 per cent. of the total area under rice in British India.)

Character of the Season.—As reported in the first forecast, weather at the outset continued practically dry, resulting in slow progress in preparatory tillage for deep-water paddy; but moderate rain in April facilitated sowings. Good showers in May favoured the growth of the germinated paddy and sowings of transplanted winter paddy in seed-beds. As the monsoon established itself earlier than usual, transplantation of paddy seedlings commenced in good time. Good rainfall in July and August also favoured rapid progress in the operation, with the result that a considerably increased area was brought under cultivation. Although rainfall in early September was a little defective, subsequent weather conditions were greatly helpful to the growth and development of the crops. On the whole, a very good crop may be expected throughout the Province.

Acreage.—According to the estimates returned by the District Officers, the total area under winter rice is 15,323,900 acres as compared with 13,391,700 and 13,210,100 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended, it will be seen that Bankura and Rangpur report more than a normal crop (*i.e.*, 110 and 105 per cent., respectively). Fourteen districts report a normal crop of 100 per cent.; nine districts a crop varying from 80 to 98 per cent. Only two districts, viz., Nadia and Jessore, report a crop of 67 and 75 per cent., respectively. According to the above estimates, the provincial outturn works up to 97 per cent. as against 75 and 78 per cent. of the normal, respectively, in the corresponding and final forecasts of last year. I consider the outturn will not fall short of 105 per cent.

Accepting 105 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean grain per acre, is estimated and 7,388,300 tons this year as against 4,611,900 and 4,731,400 tons, respectively, in the corresponding and final forecasts of last year.
